WANTED by Wycombe: a strong, experienced centre forward to provide power for a front line that has failed to score in its last four matches (writes COLIN BARR).

With two hard-working inside forwards like George Blair and Tony Horseman, plus the wing-craft of Len Worley and Steve Hyde, Wycombe should have strode through this inexperienced Woking formation.

But they toiled and fumbled away

But they toiled and fumbled away numerous goal - making chances which had been built up on attractive midfield play.

John Fisher, preparing to play his first game for Wales amateurs, was made captain for the day and gave a commanding display at centre half.

centre haif.

If Wycombe possessed the same sting in attack they would soon end their goal-famine. And I say they need a new man in the middle to pull them together.

Woking displayed dogmatic defence-in-depth tactics, with yeteran Ken Turner crushing numerous early Wycombe thrusts.

Twice Waking's right-back Reg

Twice Woking's right-back Reg Dowse crept upfield to provide the unexpected pass that brought goals.

He helped Shaun Woods make it 1—0 at half-time, then Reg, brother of right-half Billy, crossed for Bruce Upton to score Woking's second goal.

Wycombe retaliated and appeared to have found the cohesion they lacked earlier. But Woking's eager and more combined team calmly shook this threat aside.

Maybe the busy Fisher, tiring through this day of unexpected toil, was umprepared when left-half Rodney Haider sped upfield and dropped the ball at the feet of Upton. For the Woking centre forward simply killed the ball, measured his distance, and casually shot past Ken Brown.
